# OPEN SPACE #4421

Facilitated by Tara Dinyer

**canfitpro** worldfitnessexpo 2017

## What is Open Space?

Some of the best information at a conference comes from the "Open Spaces" in the agenda when you have a chance to talk to and network with other attendees.

This is a unique new way of educating and inspiring the Health, Wellness & Fitness Students at Mohawk College and it is one of the most impactful sessions the College has.

This session will provide you with an opportunity to share knowledge, strategies, solutions and innovations with other professionals. This session is ideal for Program Directors, Club & Studio Managers and Owners, Trainers, Leaders and more!

## Topics May Include:

- Program innovations/what programs and/or equipment should I invest in?
- Hottest trends in group fitness and small group training
- How to sell to millennials
- Best selling strategies for personal training
- Strategies or programs that generate money
- Best take-aways from this conference
