The MTCC has introduced a free, fast track reservation system for booking a Loading Dock time. We hope that you choose to take advantage of this new system to improve your move-in experience. For more information on the reservation system, visit: <http://voyagecontrol.com/mtcc>. Targeted move-in will be sent to exhibitors approximately one month before the show by canfitpro.

Exhibitors may hand-carry their own freight into the exhibit facility. All exhibitors handling their own freight will be responsible to arrange their own storage of empty containers during the show. The maximum time allotted for vehicles off-loading themselves is 45 minutes. A limited number of dollies will be available, however, the use of pump trucks and other mechanical equipment however, is not permitted. Any material handled by Freeman will be charged according to the rates listed within the service manual. **Please refer to the Material Handling Order Form contained in this service manual for charges.**

If you do not wish Freeman to handle your freight, please complete the Material Handling Exemption Form contained in the service manual and return to exhibitor services. Be aware of your surroundings. You are in an active work area with changing conditions during move-in and move-out. Pay attention. Look for obstacles, and machinery and equipment that are in use.

Keep your eyes open for scooters and forklifts. The drivers of these vehicles may not be able to see you.

Stay clear of dock areas, trucks and trailers. These areas can be particularly dangerous.

Prevent electrical shocks, falling items and damage to materials. Do not attach items or equipment to the drapes or metal framework provided for you booth. This can cause serious injury or damage to materials.

We discourage children from being in the exhibit hall during installation and dismantle. If children are present during installation and dismantle, they must be supervised by an adult at all times.
